### General information

**Year of establishment :** 1995

**Mission statement :** Since more than fifteen years, DB Training is the partner of human resources and organisations within change, development and learning processes in national and international mobility and logistic markets. DB Training is one of the largest provider of vocational qualifications and consulting in Europe and one of the leading training providers within the railway sector world wide. 700 em-ployees at 70 locations provide comprehensive corporate qualifications from consulting, to basic and advanced training, right through to business process outsourcing. More than 500 companies in all areas of the economy make use of our wide range of qualification offers. Our portfolio ranges from practical courses and qualification series, through specific rail-way know-how, to management and business know-how. The fact that we are part of a large railway enterprise in Europe offers you practice-proven com-petence and the far-sightedness from a provider of comprehensive qualification skills and consultancy: DB Training's employees look ahead to the future on your behalf and offer you the knowledge needed for your strategic decisions.
