# 2<sup>ND</sup> UIC DIGITAL AWARDS

Participants should submit their application before **1 October 2017**

UIC, THE INTERNATIONAL ORGANISATION OF RAILWAYS, IS TO LAUNCH ITS FIRST UIC DIGITAL AWARDS.

Together with its Members, railway companies, and through establishing ties with digital stakeholders, UIC is giving you the opportunity to shape the future of mobility!

## CONDITIONS FOR PARTICIPATION

Since new innovative solutions can also be developed thanks to a fresh approach, only start-ups can compete.

## CATEGORIES

IoT and Big Data: 3 possible approaches:

- × Productivity
- × Services
- × Security (including cyber)

## PRIZES

The chosen start-ups will be able to present their subject at the Digital Conference to be held on 6 December in Paris. The cost of transport and accommodation will be covered by UIC for one person per start-up.

## RULES FOR PARTICIPATION

**Participants should submit their application before 1 October 2017.**

They must show proof of a valid biometric passport and confirm their registration by mail to Francis BEDEL, [bedel@uic.org](mailto:bedel@uic.org).

**A start-up is a young innovative company with strong growth potential which is often subject to fundraising.**

*Not accepted for the challenge: subsidiaries of non start-ups, associations, individuals, companies over 10 years old, university research laboratories or schools.*

## JURY DELIBERATION

The jury will be composed of:

- × The chairman of the UIC Digital Platform
- × Executive members of the UIC Digital Platform
- × A figure from the digital sector
- × A representative from the academic sector
- × A representative of a large company specialised in making luggage of the future
- × A representative of a large freight forwarder
