

## UIC WORKSHOP ON PASSENGER ACTIVITIES AND HIGH SPEED RAIL TRAFFIC

UIC – RAI

**Tehran, 30-31 August- 1<sup>st</sup> September 2014**

### Day 1, Saturday, 30 August:

9:00	Recitation of Holy Quran, National Anthem
9:10	Presentation and welcome speech by <a href="#">Dr. Aghaei, vice minister for Roads and Urban Development and RAI President</a>
9:25	Presenting a video conference by <a href="#">Mr. Loubinoux, UIC Director General</a>
9:30	General introduction to the UIC Presentation of passengers activities at the UIC and Overview panorama of passengers rail transport in the world Presentation of the Workshop on Passengers and High Speed Rail Traffic Updated on high speed principles and development around the world  <a href="#">Mr. Iñaki Barrón, Director of the Passengers &amp; High Speed Department, UIC</a>
10:30	<b>Break</b>
11:00	Possibilities for reduction of time travel on classic rail lines Presentation on UIC Handbook of Upgrading existing railways for HS systems Presentation on UIC Handbook of High Speed Handbook  <a href="#">Mr. Jesús Planchuelo, SENER</a>
13:00	<b>Lunch</b>
14:30	Presentation of the UIC studies High Speed and the City (Strategy on positioning stations and intermodality) Presentation of the UIC study on Operations in High Speed Stations Presentation on UIC studies on Optimal Speed for Railways systems Presentation on High Speed Infrastructure Costs Considerations on costs of High Speed Rail systems  <a href="#">Mr. Iñaki Barrón, Director of the Passengers &amp; High Speed Department, UIC</a>
16:00	<b>Break</b>
16:30	Presentation on projects and existing rail infrastructure in Iran  <a href="#">Mr. Ali Ghardashi, Director General of Engineering and Supervision of Infrastructure Installations</a> <a href="#">Mr. Esmaili, from Railway Engineering Faculty</a>
17:30	Discussion
18:00	Free time

**Day 2, Sunday, 31 August:**

9:00	High speed rolling stock, concept and maintenance (technical aspects)  Business and strategy for maintenance of High speed rolling stock  <a href="#">Sergio Barcena, Engineering &amp; Fleet Manager, Eurostar</a>
<b>11:00</b>	<b>Break</b>
11:30	Operation on high speed Method of planning trains movement Optimisation of the capacity Safety on high speed railways operations  <a href="#">Mr. Matthias Meyer, DBi</a>
13:00	Safety and security in passengers rail transport. UIC Handbook on High Speed Security Concept of Comprehensive protection  <a href="#">Mr. Iñaki Barrón, Director of the Passengers &amp; High Speed Department, UIC</a>
<b>13:30</b>	<b>Lunch</b>
14:30	Liberalisation on passengers transport. Implications in the European market Privatization options and methods. European experiences The Impact of the liberalisation in the High Speed Rail in Italy  <a href="#">Mr. Andrea Giuricin, NTV &amp; University of Milano, Italy</a>
<b>16:00</b>	<b>Break</b>
16:30	Governance of European and Asian railway undertakings, Governance and financing of European and Asian railway stations Organisation of regional transport in Europe  <a href="#">Mr. Marc Guigon, UIC Senior Advisor on Passengers Transport</a>
17:30	Discussion
18:00	Free time

**Day 3, Monday, 1<sup>st</sup> September:**

9:00	Presentation on MERITS / PRIFIS concept (exchange of timetables, tariffs and prices)  Mr. Marc Guigon, UIC Senior Advisor on Passengers Transport
09:45	Presentation on MERITS / PRIFIS technical issues  Mr. Fabrizio Setta, UIC Senior Advisor on Information Technology (IT)
11:00	Break
11:30	Advanced ticketing systems in Europe and Asia Network: Hermes Distribution, inventories Ticketing and fulfillment (Universal rail ticket, security, new technologies) European global initiatives Fabrizio Setta, UIC Senior Advisor on Information Technology (IT)  Mr. Fabrizio Setta, UIC Senior Advisor on Information Technology (IT)
12:30	Discussion
13:00	Lunch
