

What lines do we consider to have low-traffic?
How can we measure them tourism potential?

- WP02** *Inventory* of low traffic lines in Spain and a classification according to their current state
- WP03** *Interactive Atlas* of tourist attractiveness of low traffic lines
- WP04** *Successful Cases Compendium* of tourist activation of low traffic lines
- WP05** *Handbook of Governance Models* for the tourism activation of low traffic lines

Consortium

TOUR&RAIL is a project co-funded by the European Union through the 2023 competitive call Erasmus + KA220-HED-Higher Education Cooperation Partnerships.
